August 2022

Dear Educator,

On **Wednesday, October 26**, the West Suburban Symphony Orchestra of Hinsdale will present its 29th annual concert for school children, ***A Musical Adventure***. This concert is a wonderful opportunity to share the excitement of a live orchestra performance with your students.

Conductor Peter Lipari will lead our internationally acclaimed orchestra in music that will capture your students' imagination – all while teaching them about the sound of each instrument in the orchestra, how orchestra members make music together, and the emotions evoked by music. The program is especially well suited for students in grades 3-6. In the past, entire grade levels, band and orchestra members, and general music classes have attended.

Your students will be delighted by the 2022 program, which features music by two groundbreaking composers from the early to mid 20<sup>th</sup> century: [Cecile Chaminade](#) of France and [Florence Price](#) of Arkansas. We will perform Chaminade's [Callirhoe Suite](#) ballet music, with four short and engaging movements, and two high-energy movements from Price's *Symphony No. 1* ([Juba Dance](#) and [Finale](#)).

The concert takes place in the new stadium-style auditorium at Christ Church, which offers wonderful lines of sight for young audience members. See next page for a photo and more information about this venue.

A registration form is included with this letter. Reservations with payment are accepted first-come, first served, until all seats are filled.

I hope to see you on October 26!

Sincerely,

Richard Lukes, President  
West Suburban Symphony Society

## Concert Venue

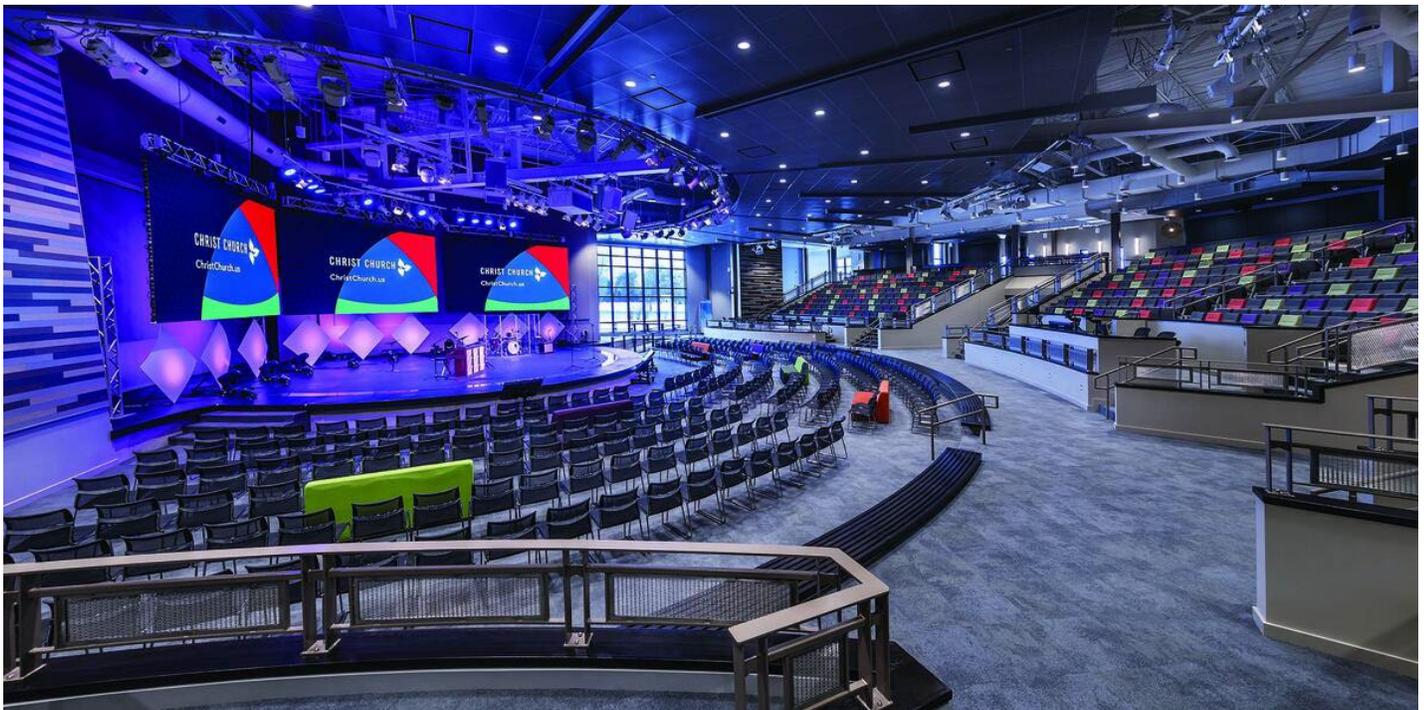

The West Suburban Symphony has rented the traditional sanctuary of this venue for past educational concerts, and has received occasional questions regarding the use of a church for the concert. This year's concert will be in the facility's new auditorium, pictured below.

The Symphony is not affiliated with any religious organization, there is no religious content in the concert program, and no church representative will participate in the program or interact with the students.

Because the Symphony does not own a concert hall, it rents concert space from schools and churches; suitably sized high school auditoriums are not available for rental on weekdays.

The new auditorium at Christ Church provides an outstanding venue for this event in 2022:

- Seats nearly 1000
- Ample bus parking
- Easy to reach from major highways
- Wheelchair accessible
- Excellent acoustics
- Good lines of sight for the audience
